Rush A. Jackson of Sullivan, Mo., was struck by a fast passenger train at a railroad crossing in that city on January 1st and instantly killed. He had attempted to cross the rails just as a freight train had passed and failed to observe the approaching passenger train. Deceased was 41 years of age and a son of the late Smith Jackson, a well-known citizen of Johnson Township, this county.

As the result of a preliminary hearing at Flat River on Wednesday last, Hubert L. Turley and Edward Polier were held for the murder of James Birchall near Frankley on December 9th. The slain man's father, who was a witness of the tragedy, positively identified young Turley as one of the men who did the shooting, and while he believed Polier to be the other, he was not so certain as to his identity. The Birchalls were held up on the road between Irondale and Frankley on the night of the murder by two night-waysmen and the son was shot and killed when instead of complying with the command, "hand up," he drew a pistol and began firing at the robbers.

Roland Carlston, alias Charles E. Williams, 34 years old was arrested here last Saturday on a complaint from St. Louis that he had cashed a forged check in that city, the complainant being Harry C. Mitchell, proprietor of a grocery store at 3700 Lucky street, who alleges that he cashed a check for Carlston, or Williams, whatever his true name is, for \$26 on December 31, which has since turned out to be bogus. Carlston is said to have confessed to the St. Louis police that he had cashed two other bad checks there during the holidays, one for \$21 and the other \$10. Carlston is a son-in-law of Wilborn Hill, who lives down on Breton Creek, not far from Potosi, having married the latter's daughter, Mary, some two or three years ago. The arrest was made by Sheriff Richeson, who took the prisoner to St. Louis the same night.

We call attention to the announcement of J. D. Declue of Potosi as a candidate for the office of County Clerk, for which he has been urged by many of his friends. Mr. Declue is a native of this county, having been born and raised on a farm in the north end. At 17 he began teaching in the rural schools, a vocation he followed for eight years. He then engaged in the mercantile business at Richwoods for two years, following which he located in Potosi in a similar pursuit and is now at the head of the firm of J. D. Declue & Co. of this place, is 36 years old, married and has a family. Like his father before him, he is a Republican and has always voted his party ticket. His personality is agreeable and his integrity unquestioned and his educational training and business experience eminently qualify him for the duties of the office for which he is a candidate.

Under its proper heading elsewhere in this issue will be found the announcement of John Scott as a candidate for the office of County Collector. Mr. Scott was in Potosi last Saturday and determined to enter county politics year this after a consultation with his Republican friends here, from whom he received much encouragement, for he is recognized as one of the strongest Republicans and most popular citizens of the county. He is a son of the late Henry S. Scott, former sheriff of this county, who in his lifetime did much to break the political hold of the Democracy of Washington County. In the son, John Scott, the Republicans have an equally good asset. The latter spent his early youth in Potosi, and is well known throughout the county. He has been a farmer in Johnson Township near Anthony's Mill for a number of years past, and is esteemed by all who know him, regardless of political faith, as a fine, capable and upstanding man, who, if nominated and elected will make a good County Collector.

We acknowledge the receipt of a copy of the Missouri Manual (Blue Book), compiled under the direction of Secretary of State Charles U. Becker, for 1921-22. The volume is termed the "Centennial" edition of the manual, since, besides giving the customary information as to the state's official and political affairs, it presents a glossary of the prominent historical events of Missouri during the one hundred years of her statehood just completed. The book is a very picturesque piece of work, and we shall regard it as the most valuable to our collection of Blue Books, which forms a part of town.
